

# THE METROPOLITAN INNOVATION PACT, AN ACCELERATOR FOR THE MONTPELLIER HEALTH CAPITAL PROJECT

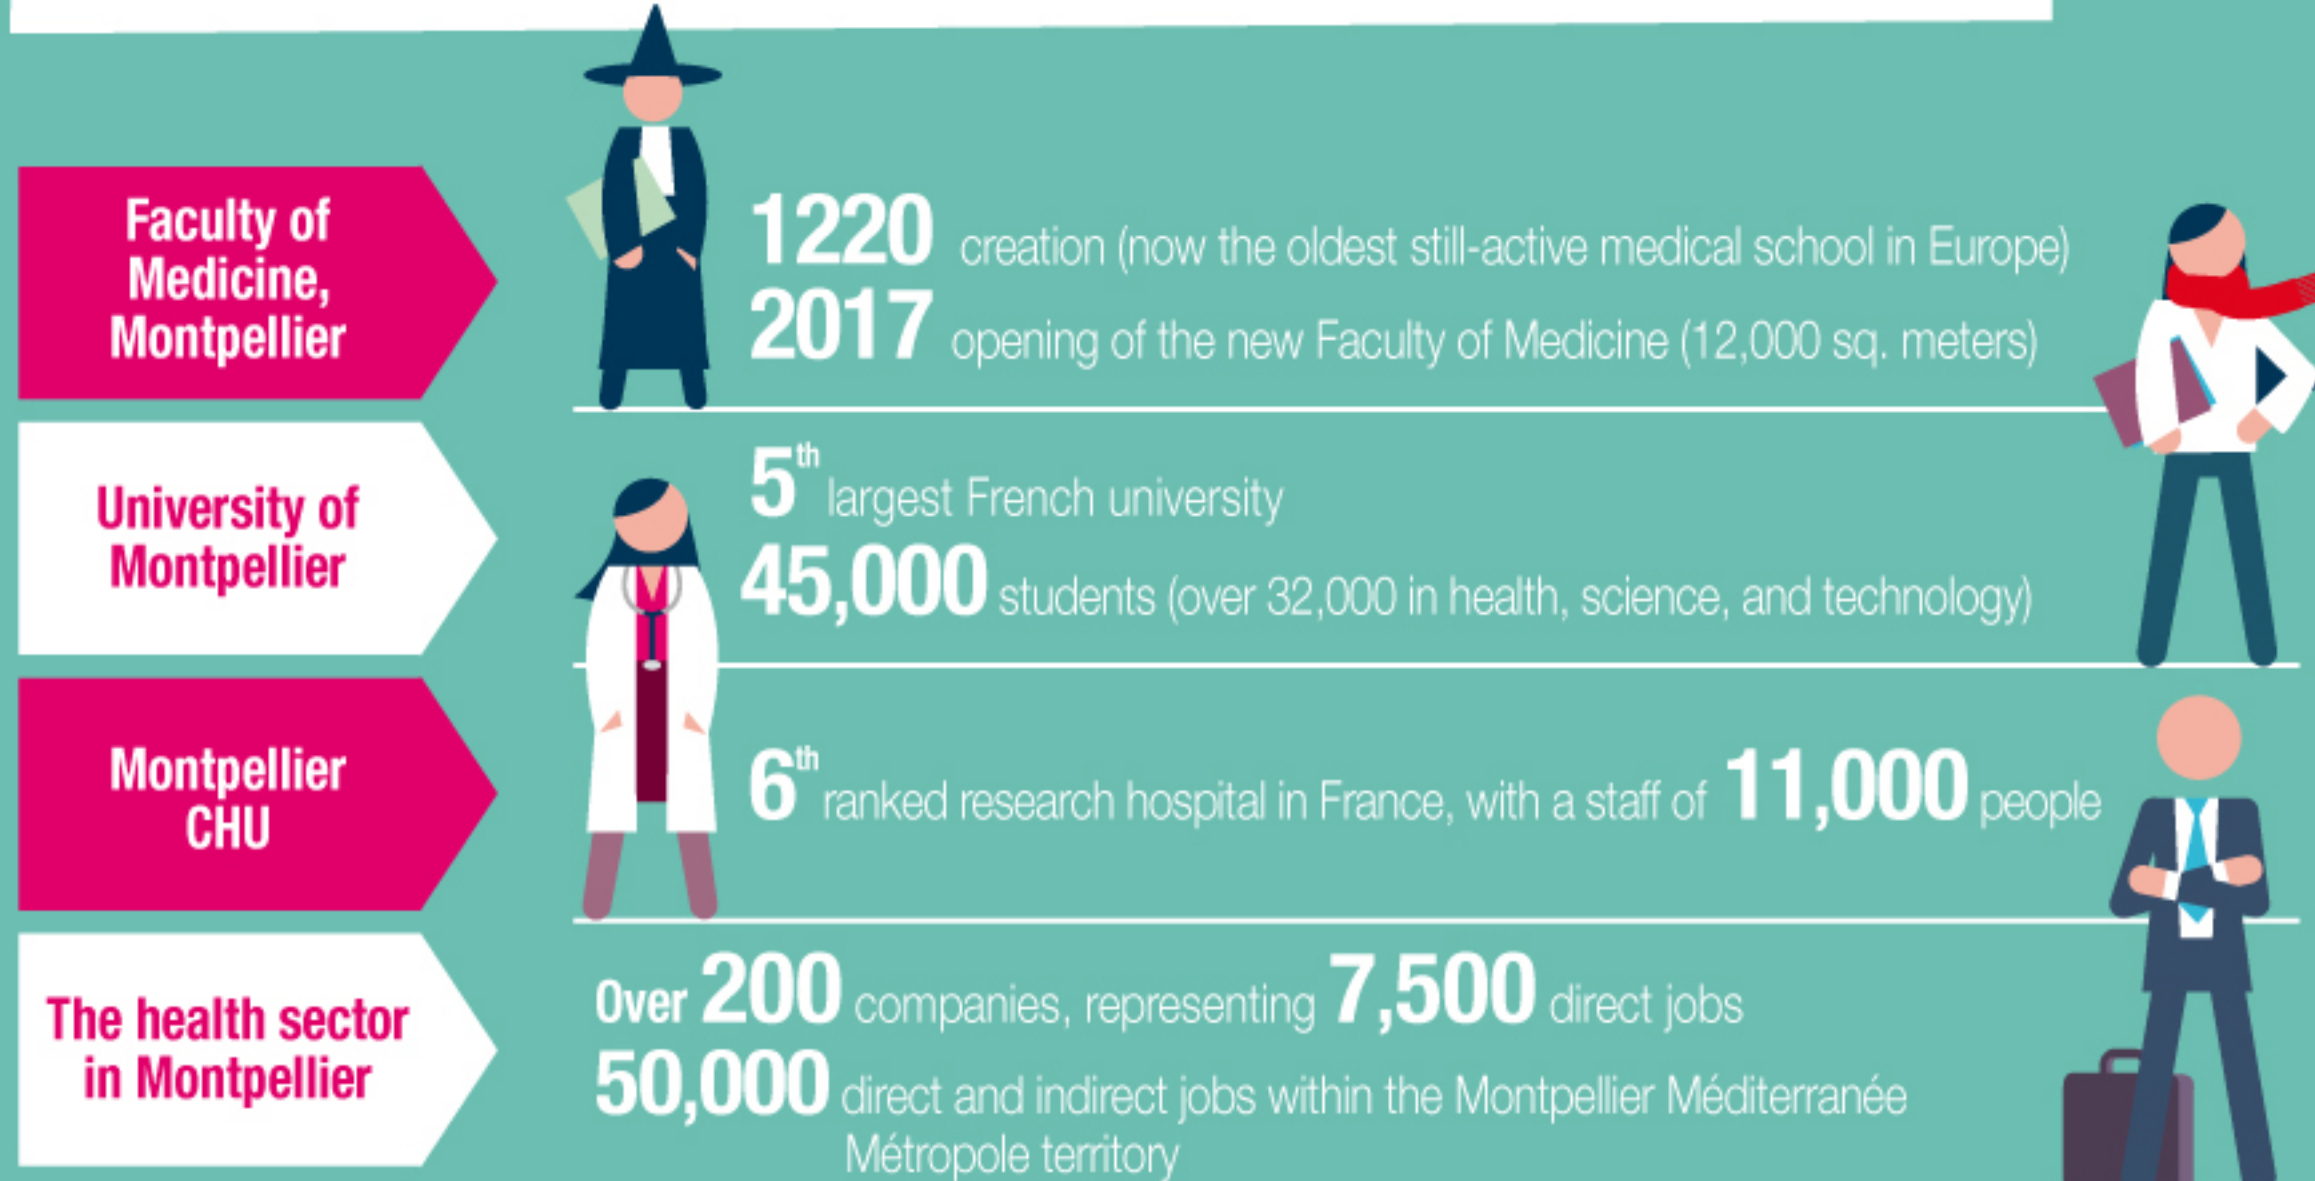

January 5, 2017: a pact was signed by Jean-Michel Baylet, French Minister of Territorial Development, Rurality, and Territorial Authorities, and Philippe Saurel, Mayor of the City of Montpellier, President of Montpellier Méditerranée Métropole

## Health, one of the main growth pillars for Montpellier Méditerranée Métropole

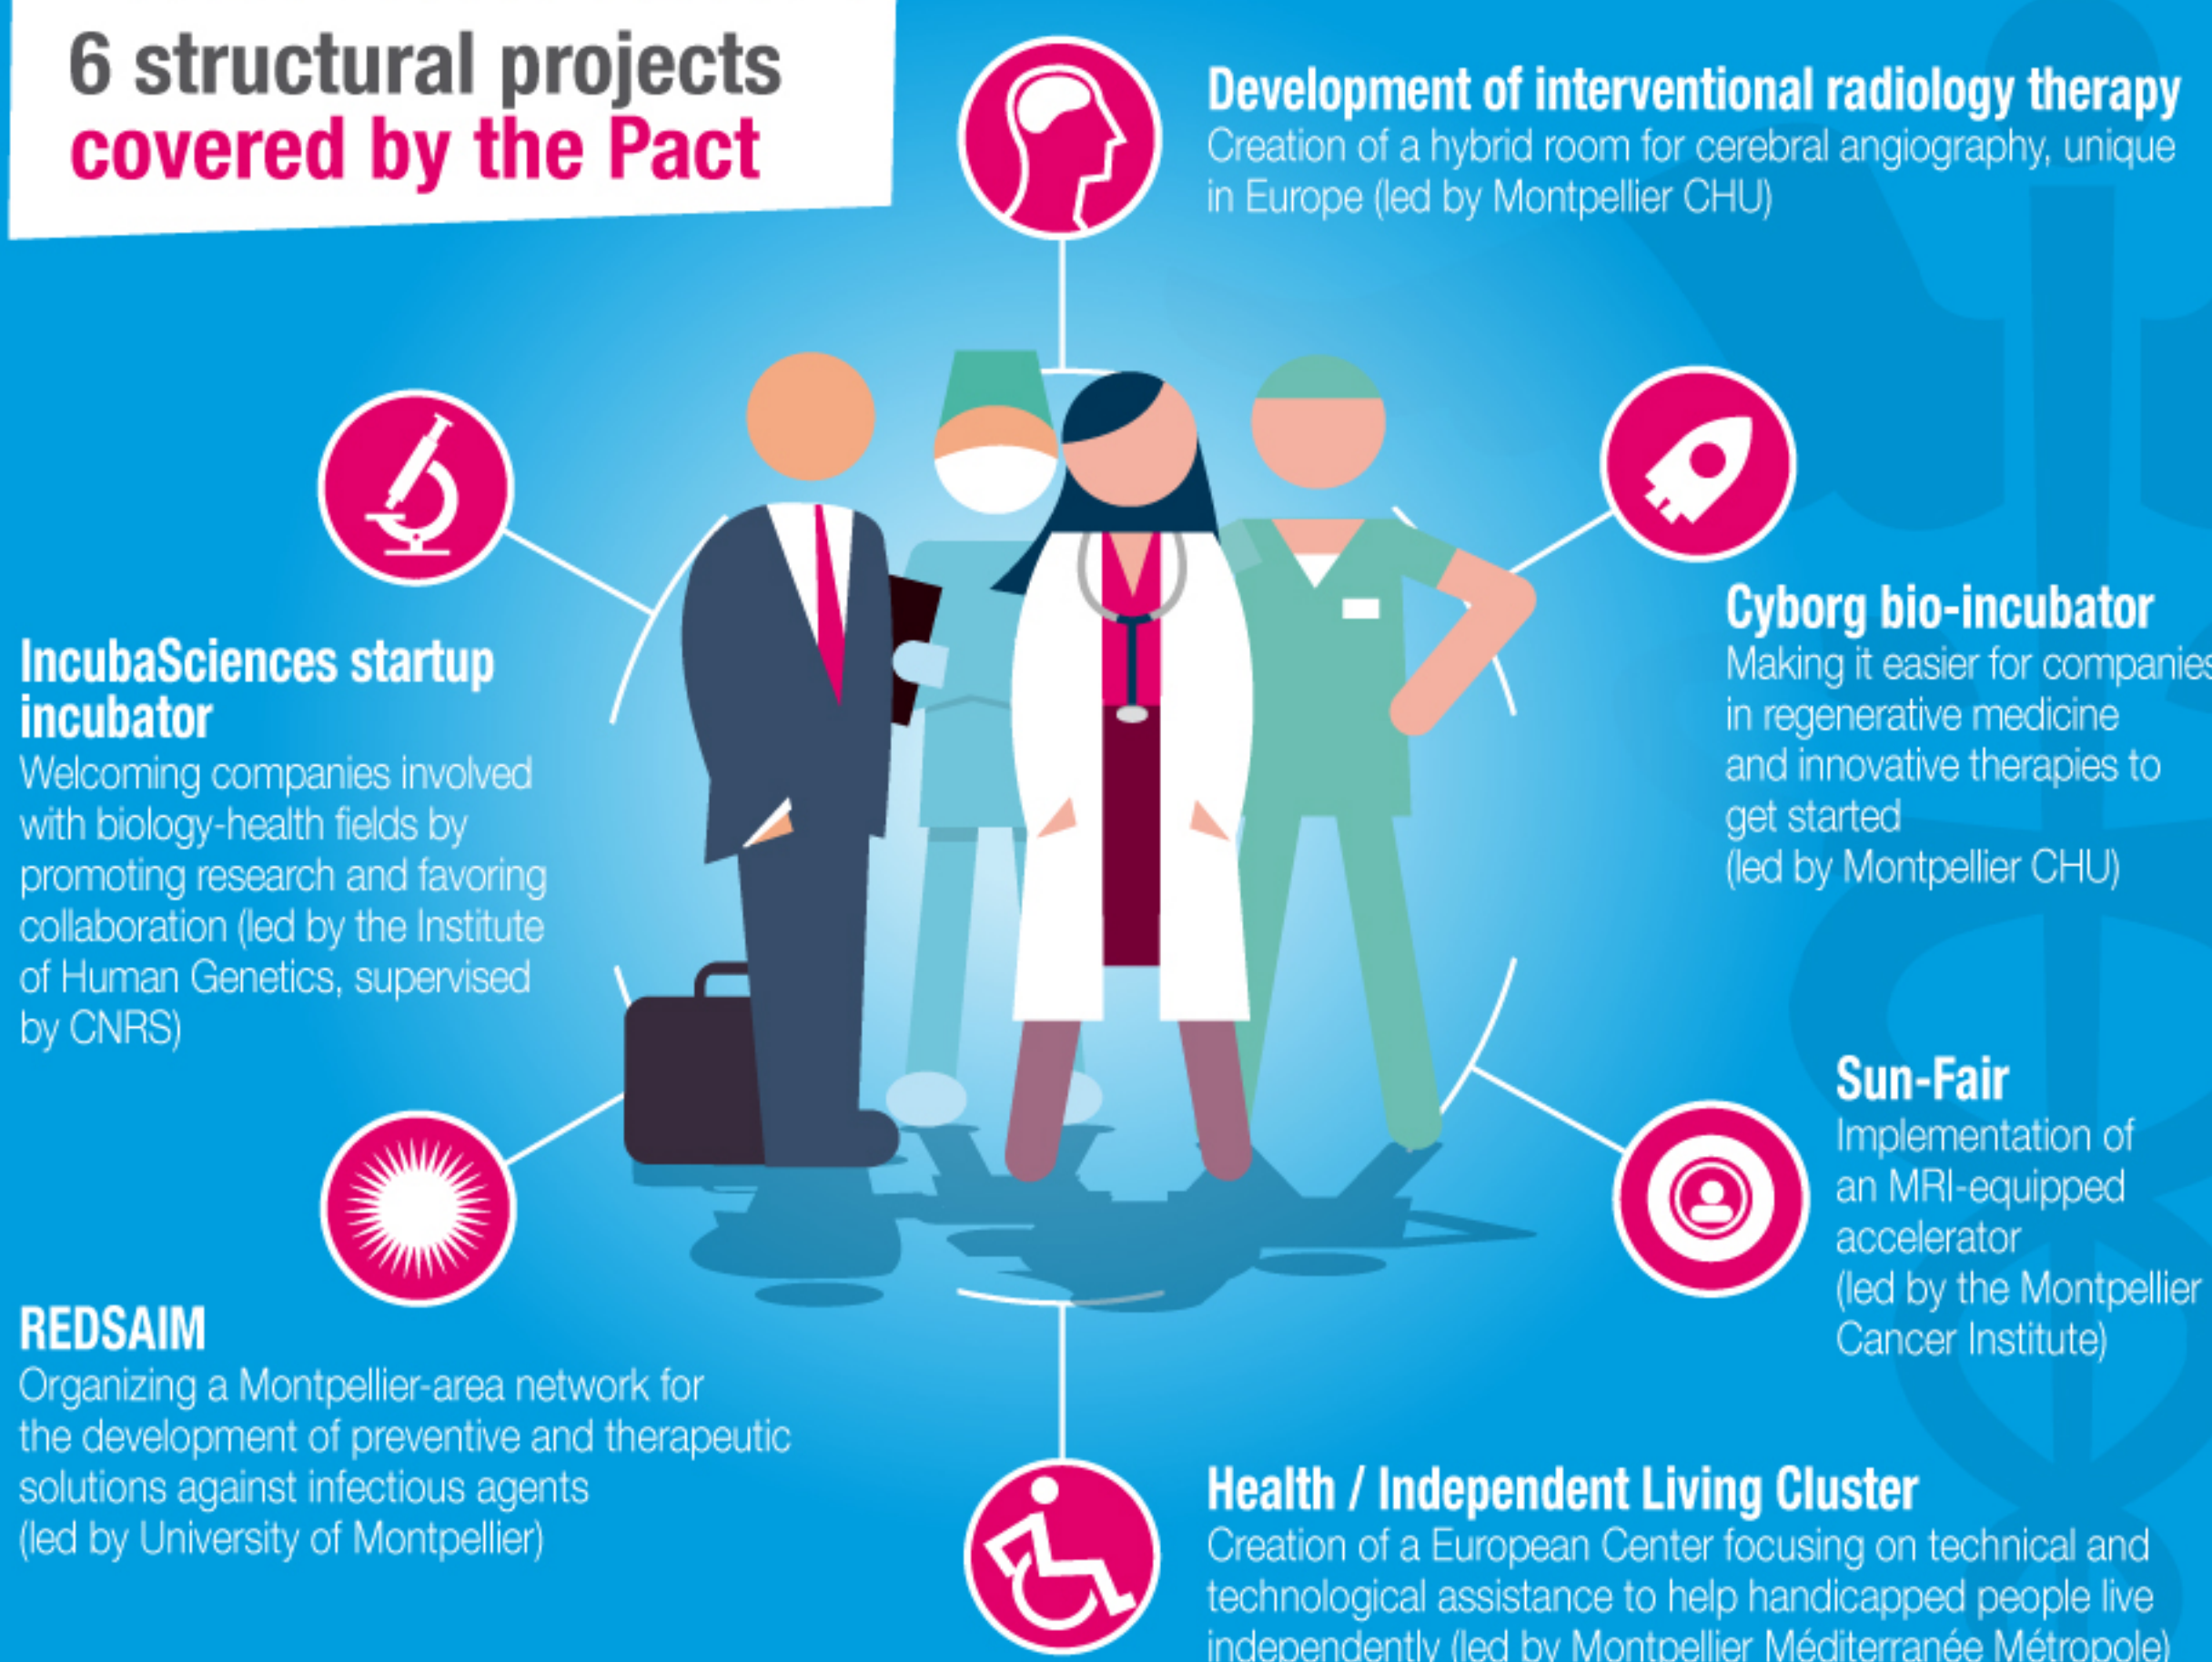

### Structural decisions for the future:

- > **Launch of the Montpellier Health Capital project** ("Montpellier Capital Santé" - MCS) to stimulate growth in the sector:
  - **Creation of Montpellier Health Capital Council** comprised of stakeholders in the territory's health ecosystem, and **approval of thematic work axes** (November 9, 2016)
- > **Focusing the Pact on health** to make Montpellier Health Capital an accelerator

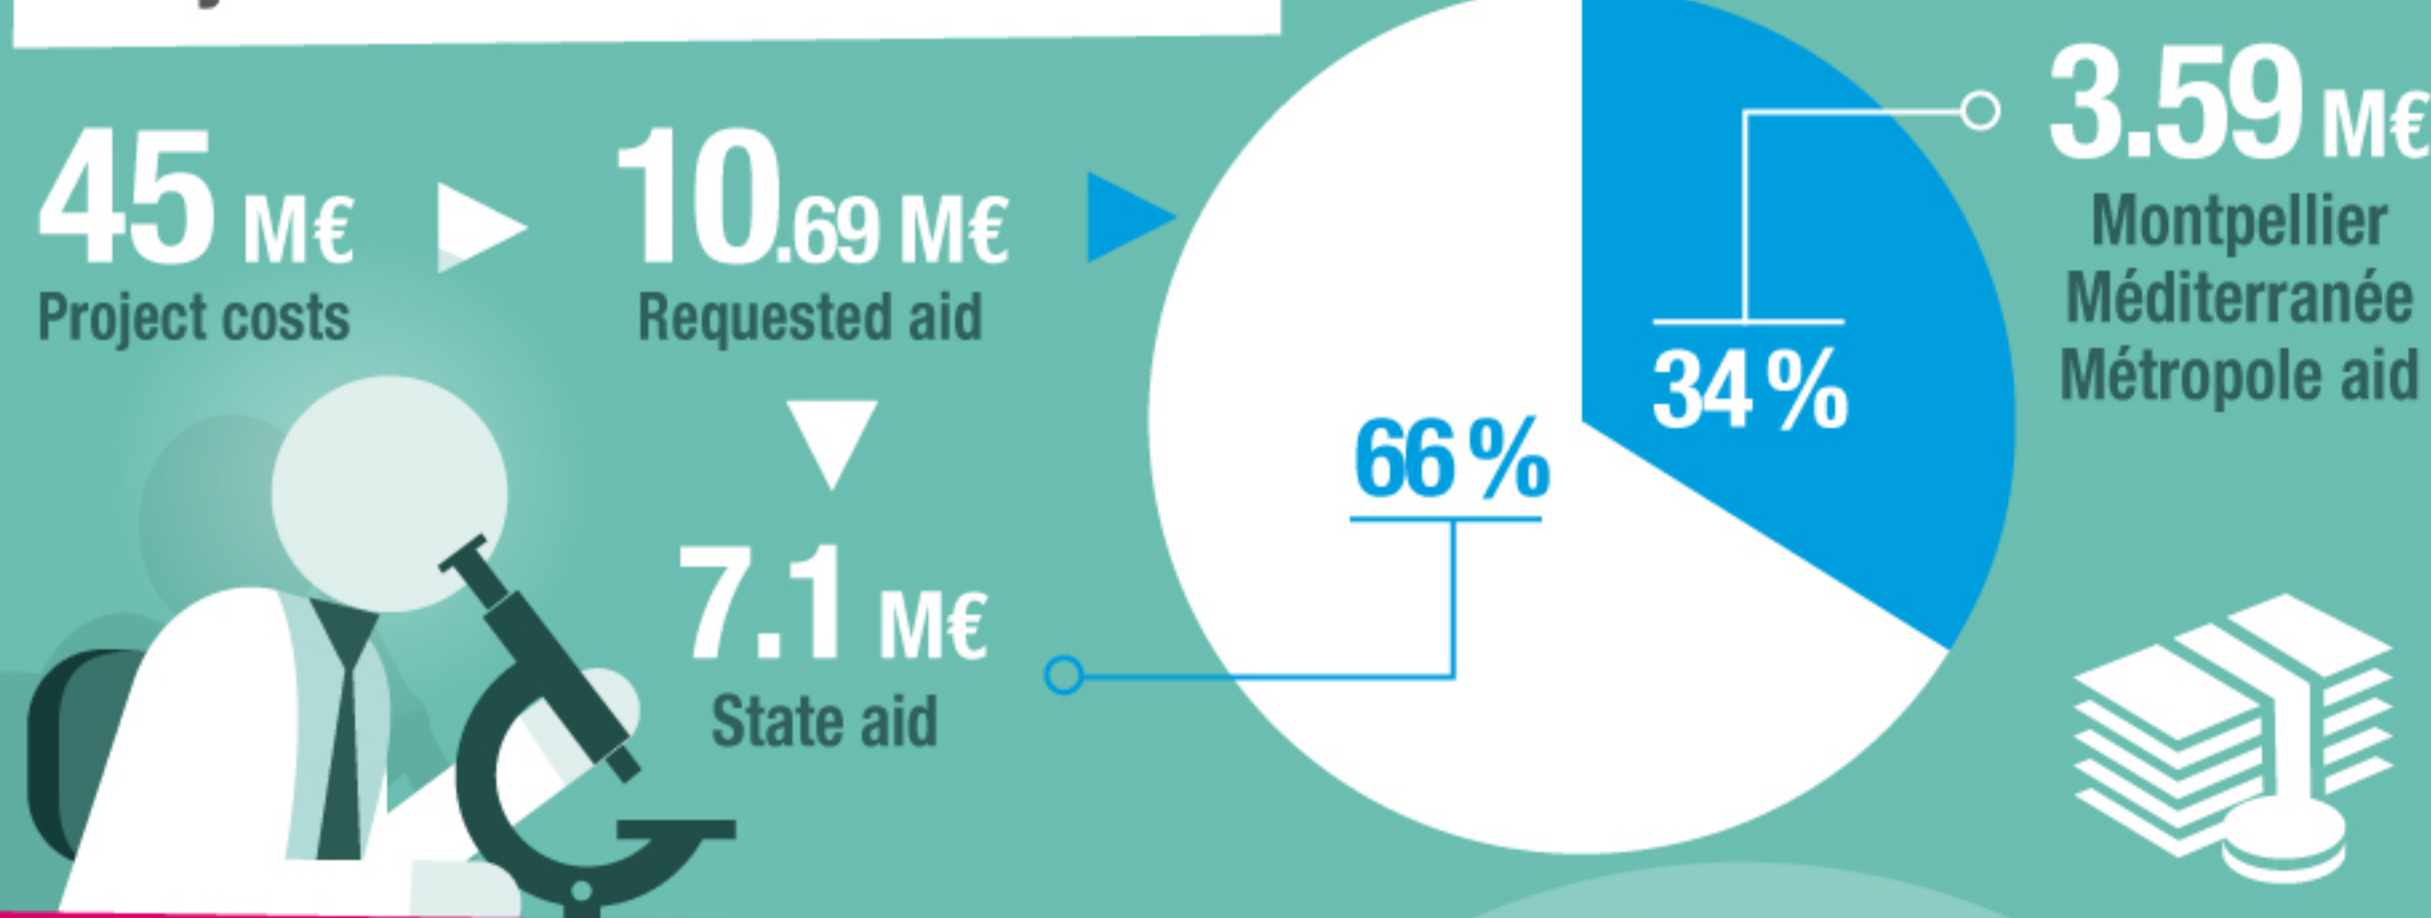

## Montpellier Méditerranée Métropole, **health territory**

## 6 structural projects covered by the Pact

## Project overview in numbers...

## Territorial cooperation aspects included in the Pact

### 3 levels of cooperation between territories, with:

- > Toulouse Métropole
- > Neighboring agglomerations and territories
- > Historical partners

### Actions to be carried out in the following sectors as a priority:

Health, tourism, and farmer-to-consumer cycles, culture, hazard management and environmental protection, infrastructure and networks
